The original photographic capture by the entrant should be merit-worthy independent of the work that was not their own. Elements created by the maker must not be part of the guide images. This includes images within an album entry. All artwork or post-processing must be done by the entrant or under their direct supervision.

Photojournalism

Images that illustrate an actual public or non-public event, life, an area of human interest, telling news that have meaning on the context or record of events, high impact and/or lasting emotional response. Only single-capture images will be accepted.

Commercial

This category is for images created to help promote, market, or sell a product or service. A tear sheet is optional but highly recommended as it shows how the image is used for commercial purposes.

Wedding Competition

The purpose of this competition is to allow photographers to enter images created during the actual Wedding Event. For an image to be merit worthy in the wedding competition, additional evaluation may be considered for the entries that illustrate the personality of the subject or subjects and the story of the wedding as well as the artistic and technical skills of the image maker.

Judges will keep in mind that the maker may have limited control over many aspects of a wedding - subject matter, environment and time of day, etc. Ultimately, additional consideration may be given to the maker for technically and artistically executing at a merit level in spite of challenges involved at an actual wedding.
